

# H3C Certification Training Constructing Small- and Medium- Sized Enterprise Networks V7.0

## About us

### Who we are

The Centre for Continuing and Professional Education (CPE Centre) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TAR UMT's commitment to continuing education and lifelong learning, CPE Centre is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

## About This Training

This is a preparatory programme for participants to sit for H3C Certified Network Engineer (H3CNE) certification exam. The H3CNE certification mainly focuses on the planning, design, configuration, and maintenance of small- and medium-sized networks. This H3CNE certification demonstrates a comprehensive, in-depth understanding of data communications networking, mastery of technologies commonly adopted in small- and medium-sized enterprise networks, and ability to design small- and medium-sized networks using H3C network equipment.
