

# ISO 14001:2015 Environmental Management System Training on Aspects, Impacts Identification and Assessment

## About us

### Who we are

The Centre for Continuing and Professional Education (CPE) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TAR UMT's commitment to continuing education and lifelong learning, CPE is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

## About This Training

This course provides an introduction to identifying environmental aspects and evaluating their significant impacts. In this course, you will consider legal requirements and other information as you identify environmental aspects and determine which ones are significant. Systematic identification and efficient management of environmental aspects and impacts should result in positive effects and significant environmental improvements. Participants shall learn to identify these activities, products and services that can have an impact on the environment, evaluate the substantial impacts and come up with operational controls for improvement and the control of environment pollution.

### Date and Time

6 April 2023  
Thursday  
9 AM to 5 PM

### Training Venue

TAR UMT  
Jalan Genting Kelang, Setapak
