

Essential Managerial Skills for Managers and Executives

About us

Who we are

The Centre for Continuing and Professional Education (CPE) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TAR UMT's commitment to continuing education and lifelong learning, CPE is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

About This Training

This two-day workshop will help participants to understand their communication styles, learn the five stages of team development, develop practical inter-department communication skills, and take ownership and accountability for productivity and cooperation. At the end of the programme, participants should be able to apply the Leader's Grid confidently with each staff, know when to Educate, Coach, Delegate, and apply team agreements moving forward. Throughout the workshop, there is a mix of lectures, role-play sessions and experiential activities, using the Integrative Learning System (ILS) approach to internalise the learnings of the workshop. Technologies used include Multiple Intelligence, Interactive Learning and Dunn & Dunn's Learning Styles. EQ (Emotional Intelligence) will be emphasised here.
