About us

Who we are

The Centre for Continuing and Professional Education (CPE Centre) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TARUMT's commitment to continuing education and lifelong learning, CPE Centre is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

About This Training

This course is designed to explore possible reasons for the lack of student engagement in online learning and introduce methods to encourage student engagement in the online classroom via selected e-learning platforms such as Google Classroom, Google Meet, Loom etc.

This is a non-technical workshop that is created for participants to share their online teaching and learning experience, as well as to be exposed to the possibilities of student engagement activities that can be created from the platforms mentioned above.
