

Enhancing Creative Thinking and Problem-Solving Skills

About us

Who we are

The Centre for Continuing and Professional Education (CPE) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TAR UMT's commitment to continuing education and lifelong learning, CPE is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

About This Training

In any organisation, everyone encounters problems and faces critical decisions. This course aims to familiarise the participants with the necessary skills, motivation, tools and techniques in systematically solving day-to-day problems at the workplace. By attending this 2-day course, the participants will equip themselves with practical strategies for identifying, analysing and solving work-related problems. Participants in teams will undertake a real-life work related problem solving simulation during the training session.
