

ISO 45001:2018 Occupational Health and Safety Management System Awareness Training

About us

Who we are

The Centre for Continuing and Professional Education (CPE) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TAR UMT's commitment to continuing education and lifelong learning, CPE is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

About This Training

The increase in international trade brings new health and safety challenges. This has led to the need for an international Occupational Health Safety Management System (OH&SMS) Standard to raise standards and enable global benchmarking. This one-day introduction to ISO 45001 training course provides a clear explanation of the requirements of the new OH&SMS standard ISO 45001:2018 and the benefits and challenges surrounding implementation and certification.
