

PowerPivot : Powerful Data Analysis and Data Modelling in Microsoft Excel

About us

Who we are

The Centre for Continuing and Professional Education (CPE Centre) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TAR UMT's commitment to continuing education and lifelong learning, CPE Centre is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

About This Training

With PowerPivot, Microsoft brings the dynamism of Business Intelligence tools to Excel, transforming enormous amounts of data/records into meaningful information. It helps to generate rich and interactive analysis solutions. It is extensive to things you already know about Excel, and it comes free with the software. This course is relevant to data analysts, business analysts, financial analysts, and anyone who wants to manage their data better. Knowledge and experience in using Excel PivotTable is assumed.
