

PowerQuery: Transforming Work Processes in Microsoft Excel

About us

Who we are

The Centre for Continuing and Professional Education (CPE) was established in 1999 to provide continuing professional education and lifelong learning opportunities for University's staff, students, alumni and the public. As part of TAR UMT's commitment to continuing education and lifelong learning, CPE is entrusted with designing, developing and delivering various activities, workshops and programmes to meet the diverse learning needs of multiple parties.

About This Training

Excel PowerQuery tool enables you to extract, transform and load data (ETL) very effectively. In this course, you will acquire the knowledge and skills to use PowerQuery, which is far simpler, and straightforward to use when extracting, consolidating, merging data and automating work processes in Excel. Heavy users of Microsoft Excel will find this programme very practical and helpful. Basic knowledge of Microsoft Excel is assumed.

Introduce our Trainer

Wong Wai Ling

Ms Wong Wai Ling started her professional career as Consultant at Arthur Andersen & Co. She has over 12 years of working experience in the areas of Business Analyst before moving into the training industry. She has experience providing analytics and research to enhance an organization's performance management, strategic planning, system implementation and business process improvements. As a trainer, she helped participants leverage their knowledge of Microsoft Excel to increase their productivity and effectiveness in using Microsoft Excel to simplify financial reporting dashboard and analysis.
